

Bulletin – Australia Floods update 7th July 2022

Further to our recent bulletin dated 5th July, the latest update is as follows:-

The situation in Sydney area is improving. The areas listed below are now affected.

Newcastle

Runs affected are mainly in town Newcastle, around the west side and north side of Lake Macquarie, out west to Rutherford ,parts of Maitland, Cessnock, Paxton, Kurri Kurri and surrounding suburbs .All Port Stephens runs have been affected as well.

Some supervisors are unable to travel to depots.

Central Coast

Most runs are affected by floods on the Central Coast

We will continue to update you as we receive information from our offices in Australia.
